# **NEW TRAIN BRINGS**

The Salt Lake Route Will Soon Make the Run Daily in Twenty-Four Hours.

TRIBUNE WILL REACH NEVADA BY 4 O'CLOCK

Puts Goldfield, Nevada, and All Points This Side One Day Closer to Salt Lake.

The "Utah-California Limited" of the Salt Lake Route goes on December This will make three trains each way between Salt Lake and Southern alifornia, the Los Angeles Limited and the Express remaining on the present schedule, except that the midnight train will have a shorter time card.

The new train will leave here at ! . m. and arrive at Los Angeles at 9 s. m. next day. It will carry regular equipment at first, but officials are at

a. m. next day. It will earry regular equipment at first, but officials are at present in the east securing the very latest cars for the service, which represents the greatest stride the Salt Lake Route has made since its opening. The new train will carry a through sleeper from Butte, and the Mentana city will be only thirty-six hours from the land of sunshine and flowers.

The announcement was made Thursday by General Passenger Agent T. C. Peck, who is just back from a six weeks' trip in the east, attending various passenger meetings, including meetings of officials, at which this new service was discussed.

The Tribune will be delivered in Fillmore, Kanoah, Beaver, Milford, Lund, Modena, etc., the day of issue. Passengers from away down in Kane couny will be able to save a whole day forming to Salt Lake, and the general divantages are too numerous to mention. Passengers from here will reach Caliente carly the same evening and the same results will be apparent at Las Vegas and Goldfield.

On the start the equipment will consist of through Standard sleepers from the Union Pacific and Oregon Short Laine, with a local observation sleeper from this city for the special benefit of Utah persons, but later a number of new cars of the most elegant design will be secured for this train, which will be equal to the Los Angeles Limited, the train that has made Sah Lake famous.

ZION FREIGHT RATES TO BE ARGUED TODAY

cjements and Prouty, sitting on bane in the Postoffice building, at 10 s. m., will be argued today (Friday), one of the most important interstate commerce cases ever tried in the west. Several weeks ago the commissioners took as tweeters and today will come real weeks ago the commissioners took testimony here and today will come the verbal arguments. Then will fol-tow the long briefs, and after some months the decision of the commission. Judge Dullard will appear for the rail-roads and Judge Dev and Manager Bab-cock for the Salt Lake Traffic burean.

TACOMA, Wash., Oct. 28—Private advices received in Tacoma from St. Paul today amounce the election of Henry C. Nutt of Tacoma to the fourth vice presidency of the Northern Pacific system.

Mr. Nutt, who has been general manager of the Northern Pacific lines west of Paradisc, Mont, since June, 1907, will continue in that position in addition to his new duties. His promotion closely follows the resignation of Charles M. Levy as third vice president of the Northern Pacific, The St. Paul advices amounce further changes in the Northern Pacific management. George T. Stade of St. Paul, formerly general manager of lines east of Paradise, becomes third vice president in charge of operation, succeeding Mr. Levy, and C. A. Goodell, now general superinterdent of the Northern Pacific lines in Montana, has been promoted to general manager of castero divisions, succeeding Mr. Stade, All changes are effective at once.

WASHINGTON, Oct. 28.—Chief Justic WASHINGTON, Oct 28.—Chief Justice Elabaugh of the supreme court of the District of Colombia, today approved the plan of adjustment agreed on between the Seaboard Air Line pailway, the Continental Trust company, trustee under the first mortgage on railroad property, and the other creditors of the company. This action or the court, if the plan be perfected, will, it is said, take the road out of the hands of receivers.

The plan includes the payment in tall of \$7.510,000 of receivers cortificates, \$700,000 in 6 per cent gold notes and the overdue miorest on the first mortgage. This mortgage is to be extended and the other indebtedness is to remain undistantibled.

turbed. The money necessary to put the plan in execution is to be raised by the sale of \$18,000,000 of adjustment bonds. Of this issue the stockholders are to be given the preference as purchasers at 70 per cent of face value.

DULUTH, Minn, Oct. 28.-A record Delective, all the control of the carriage of wheat, 31 cents was offered at Fort William yesterday with no takers. The situation at Fort William is an usual and is causing local grain shippers much anxiety. Wheat in almost unlimited quantities from the Saskatchewan district is pouring into this bort and the elevator tomage is nearly exhausted.

bort and the exhausted.

At the highest mark of the session not a single loat could be chartered for grain. Vessel owners will not accept the high offer, which is equivalent to \$1.29 for ore shipments or \$6 per cent more than bonds are getting for earrying ore.

LOS ANGELES, Cal., Oct. 28.—Los Angeles began today before F. Lyon, special examiner of the interstate commerce commission, an effort to compel the Southern Pacific and Salt Lake railroads to grant terminal freight rates to San Pedro was annexed to Los Angeles several weeks ago. At present the rates for short haul between Los Angeles and the port are considered so heavy by the Los Angeles Jobbers association as to amount to discrimination in favor of San Francisco and other Pacific coast ports.

TOPEKA, Kan., Oct. 28.—Thomas De-ittle Cuyler of New Yorlf was elected a fractor in the Atchison, Topeka & Santa v Rallway company to succeed the late I. H. Rogers, at the meeting of the

NEW YORK, Oct. 25.—Robert S. Lovett says today elected president of the Southern Pacific company, to succeed the lates. The directors at this meeting here also lected William Mahl, compitoller of the louthern Pacific company, as vice president to succeed Judge Lovett, Mr. Mahl compitoller of the louthern Pacific company, as vice presidents, John C. Stubbs, Julius Kruttchnitt and E. E. Calvin.

LANSING, Mich., Oct. 28-The Michigan railway commission rendered an epin-ion Wednesday ordering the Detroit & Mackinae Eallway company to roduce its rates for hauling logs into Alpena, Mich. Some time ago the company increased the

Some time ago the company increased scale from \$2 to \$2.50 to \$3 and \$3.50.

CINDERS

The company gives its object as the day velopment of the southern part of Utah and plans, among other things, to build a railroad from Land, on the line of the Salt Lake route, to the Grand canyon of the Colorado river. Capital stock is sugtificated at \$100,000, in shares of the part value of \$100, F. A. Duilley is president of the company; V. E. Hontzuker first vice-president and secretary; H. C. Edward, second vice-president, A. H. Pearbody, treasurer; H. F. Chark, C. E. Ashton and Jay Minet, additional directors. The company will take over the engineering report, dated April 9 last, of J. C. White & Co. regarding the feasibility of a railroad from Lund to the Grand canyon and also a report by F. A. Duilley in return for \$10,000 in stock of the company.

The honorary commercial compulsion.

# LITTLE GIRL STRANDED IN SALT LANE CITY Scalp and Hair Troubles Generally

Police Matron Plays Role of Good Samaritan to Wee-Mary Ryan.

In charge of Matron Gifford of the poe department is a handsome young girl-a mere child, in fact-in straits. She needs help and she needs it First of all, she needs money nough to buy a railroad ticket from Salt take to Fueble, and in the second place he needs a little money to pay her ex-

she needs a little money to pay her expenses on the trip.

The young woman is Mary Ryan of Kansas City. She is 18 years of age, very heautiful and manifestly very good. A few days ago she left Great Falls, in Montana, where she had been visiting friends, on her return journey home. First, she bought a ticket to Dillon, Mont, where she also visited friends. When she was ready to leave she went to the station for the purpose of buying a ticket to Sait Lake. While she was engaged in this occupation she set her two suitcases down, on the floor and when she returned to the place where she had left them they had disappeared. The suitcases contained her clothing and \$22, all the money she had in the World, save a few cents. The \$22 was to have been used in buying a ticket to Pueblo, where transporation to her home in Kansas City awaits her.

She came on to Sait Lake, and when she arrived here she had barely enough money to hire a room in a lodging house. Thursday morning she appealed to the police. She was turned over to the kindly matron, who made her comfortable.

Mrs. Gifford today will ask the county commissioners to assist her charge on her way to Pueblo. Should the board refuse to give the aid asked. Mrs. Gifford will devise other means of helping Miss Ryan.

Miss Ryan's mother is a widow and is

alls Ryan's mother is a winow and is unable to send money for a ticket the entire distance to Kansas City. She has, however, arranged for a ticket from Pueblo, and the problem now is: How is Miss Ryan going to get to Pueblo?

#### GAS, ELECTRICITY AND STEAM ARE DISCUSSED HOODLUMS COME NEAR

Gas, electricity and steam as a means of power, lighting and heating were discussed at the regular monthly meet-ing of the Manufacturers' association of Utah in the Chamber of Commerce

of Clair in the Chamber of Commerce rooms Thursday evening. Chairman George S, McAllister called the meeting to order and presided. D. F. Collett was secretary. Business af-fairs were postponed and the whole evening was given to listening to var-jous papers.

evening was given to listening to various papers.

Prof. E. H. Beckstand, of the University of Utah, spoke concerning the use of steam. He pointed out the fact that steam had been used for unknown ages, even back to the times of the early Egyptians and the Chinese, Four-fifths of the power originated in the world today comes from steam. He also suggested that as large steam plants are relatively cheaper per unit of power than smaller plants that in this one fact was the reason for the trusts and other big concerns.

A. J. McMullan, of the Utah Light & Railway company, gave a great many interesting details about the use of electricity. He showed how the use of a small motor on each machine in a factory reduced the cost and risk of operation.

J. E. Clark, of the Utah Gas & Coke company, tried to show how a room in which gas is burning contains air nearer pure than when electricity or sunlight is used. He also showed how the average levelet of coal costs about nine. age bucket of coal costs about nine cents, while gas costs from one to two cents per bour in a small heater. Gas costs about two cents per hour pe horse power, according to Mr. Clark' figures.

#### Strength and Endurance

H. Rogers, at the meeting of the ockholders today.

Paul Morton of New York and Renjabin P. Sheny of Boston were re-elected in the directorate.

S. S. S. cures Catarrh by removing the cause from the blood. It so thoroughly purifies the circulation that there is nothing left to inflame and irritate the mucous linings of the body, which is the most prominent and dangerous effect of Oatarth. As long as the mucous membranes and tissues are kept in a state of inflammation and irritation by an impure and infected condition of the circulation, Catarrh will remain. Its disagreeable symptoms of ringing noises in the ears, mucous dropping back into the symptoms of ringing hoises in the ears, indeous dropping back into the throat, headaches, watery eyes, difficult breathing, and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Local applications alone can have no real curative value, because such treatment does not reach the blood. Sprays, inhalations, lotions, etc., are valuable only for their cleansing and antiseptic effect, but if depended on alone Catarrh sufferers will find a cure impossible. Nothing equals S. S. S. for curing Catarrh. It goes down into the circulation, gets at the root of the trouble, and removes every particle of catarrhal matter from the blood and enriches this vital fluid so that instead of irritating the different mucous portions of the body, it nourishes them with rich, health-giving properties. Then the symptoms begin to pass away, and Catarrh is permanently cured. Book on Catarrh and any medical advice THE SWIFT SPECIFIC CO., ATLANTA, GA.

## Helpful Hints on Hair Health

Caused by Carelessness.

Dandraff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to eatch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else 's bat. Many a haband is a resting place for microbes.

band is a resting place for microbes.
If you happen to be troubled with dandruff, stehing scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understand-ing that it will cost you nothing for the trial if it does not produce the re-sults we claim. This remedy is called Rexall "93" Hair Tonic. We honestly Rexall ''93' Hair Tonic. We bonestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall ''93' Hair Tonic is devised to have a darder of section and the section of the

banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scaln to know that Roxall "93" Hair Tonic is the best hair tonic and restorative in existence. and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the underclaims to a fair test, with the under-standing that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particu-lar. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Reme-dies in Salt Lake only at our stores— The Rexall Stores—Smith Drug Co. and Druchl & Franken.

# CAUSING SERIOUS MIXUP

The work of boodlums in the southcastern section of the city came near
causing a serious street car accident
about 10:20 o'clock Thursday night.
As street car 421 on the Sugar House
line was passing Lake street, a spring
of steel wire, attached to one of the
poles in such a manner that it would
catch the partitions between the windows
of a passing car and then spring against
the glass, broke six of the windows and
scattered fragments of glass in the interior of the car, in which was seated
eight passengers.

The flying glass inflicted a savere cut
on the back of the band of Miss Jonnie
McLackian of 634 South Ninth West
street. The car was in charge of Condictor J. H. Evans and Motorman G. S.
Paderson, There is no clue to the idencity of the boodlums responsible for the
accident.
